J. L. PATTERSON, Editor and Manager.

The managers of the Muskingum county fair undertook to run it in the interests of the Republican candidate for congress in that district and allowed Grosvenor to make a political speech on the grounds, but refused the Democrats a lie privilege. As a result, Grosvenor was only allowed to talk about fifteen minutes, when the crowd began to ask him questions about the war, and he was finally compelled to desist.—Chillicothe Advertiser.

Clippings from the Enquirer on current topics:

"If Mr. Hanna adheres to the purpose expressed some time ago, to fight the campaign this year on the war, he should be looking after the fortifications. Some of them are already in a tumble-down condition."

"This is the first time Uncle John Sherman has had any real fun since he was a very young man. He has been hampered by office all his mature life until lately. Now he is a private citizen and can talk as much as he feels like. He is free to criticize men and methods. In some of his observations he has been direct and in others he has given such strong hints that it is clear that he doesn't care if people guess who he means. It would not be surprising if he got to talking 'right out in meeting' pretty soon about the Hon. Marcus Alonzo Hanna."

"The Republican leaders in this state led off with their state convention and acted altogether like a set of fellows who were in the enjoyment of a sure thing. Now they have reached the first doubtful stage. Original calculations have been sadly disturbed, and what the people will be thinking about a month hence is beyond their system of guess-work. What they will do in two months at the election is getting to be a more serious question every moment."

The city of Portsmouth has an opportunity to secure a good, live, prosperous firm in the Gallipolis furniture company. It can be located between the Ohio river and the new Burgess mill, if our people become interested in the project. Gallipolis is endeavoring to induce them to stay in that city. The Journal says:

"One thing is certain, and that is Gallipolis must arouse from her lethargy or else lose the Fuller-Huttsiniller factory, which gives employment to almost 200 men and boys. Such a loss would be irreparable, but unless Gallipolis provides the necessary shipping facilities for the company they will most certainly leave us."

"This is not guess work, but information gleaned by the Journal representative from Mr. W. B. Shober, who just returned from Columbus, Portsmouth and Huntington. The firm can ill-afford to remain here at their own loss, when other towns have made them good offers. They are unprejudiced in the matter and will not hesitate to pull up their stakes and leave us if we do not put them in a swift from the Hocking Valley 'Y' to their plant, thus obviating the expenses of hauling freight."

"Several years since," says Mr. Shober, "the Hocking Valley made an estimate of the cost of the switch, and according to their figures it will require the expenditure of \$10,000."

"Will not the board of trade or city council take up the question that is so vital to the welfare of our city? In case of the removal of the plant to Columbus the offices will be transferred there and the firm will occupy the plant of the Columbus Cabinet company, at the same time operate their factory here."

"Mr. Shober says it is not probable they will go there, the most tempting offers coming from Portsmouth and Huntington. Should they accept either of the propositions of these cities their business here would be silenced. Everything is yet crude, nothing special having been done."

USE DIPHTHERIA ANTITOXIN PROMPTLY AND BOLDLY.

We are now prepared to occupy and defend the most advanced position, namely, that without waiting for bacteriological confirmation of diagnosis, every patient who presents clinical evidence of diphtheria should at once receive a "curative dose" of serum, and all children of the household should be immunized by the same agent. Adults should be immunized if likely to be much exposed, and may be immunized, if they desire it, even if not specially exposed.

It is of the highest importance to have a trustworthy serum, of as high potency as possible, so that a dose small in bulk shall be large in antitoxic units.

For a child of three years, the initial dose in a tonsillar case of moderate severity seen early should be 1,000 to 1,500 units; in nasal or laryngeal cases, or in cases in which the lower pharynx is invaded, or severe cases of any variety, the dose should be 2,000 units; and in any case first seen as late as the fourth day, the dose should be 2,000 to 3,000 units. The injection should be repeated in from twelve to twenty-four hours, according to circumstances. For immunizing, 500 units should be the dose; or if infection and incubation be suspected, the curative dose of 1,000 units should be given at once.

What is needed is promptness and courage in the use of the remedy. If The Polyclinic has by its former caution contributed in any degree to the hesitation with which some members of the profession resort to the use of antitoxin, we trust that this article will make amends and inspire the doubters with decision and boldness.—By Dr. S. Solis-Cohen, Philadelphia, Pa., in the Philadelphia Polyclinic.

From the President down extraordinary efforts are now being put forth to whitewash Secretary Alger, and the breakdown of the commissary, quartermaster and medical departments of the army at a critical time is credited to the sensational newspapers. As the newspapers that have censured Alger, by describing actual conditions, comprise all classes of papers and of all shades of politics, including the most cautious and conservative journals, we imagine they can stand up under the brunt of official displeasure. Alger has himself stated in one of his earlier interviews that he did not know of the conditions in the camps, the hospitals and the transports until the information came to him through the newspapers. Then, he says, he set at work to remedy matters at once. But the tangle was of such character it was impossible to bring order out of chaos, and the volunteers suffered as a consequence.

It is not the condition of the camps at this time, with such men as General "Joe" Wheeler invested with ample authority in control of them, that is the main issue. True the incoming transports are reported in the worst possible condition, as being little better than pest houses, but the camps have been vastly improved, and it has been done under the spur of newspaper exposure. Alger did not take the initiative. It was the newspapers, and they never did a better service. It recalls the work of the British press in reforming the terrible state of affairs in the British camps in the Crimea. Red tape ignored all complaints until the press made the great public acquainted with the facts, just as the American press has done.

There are too many witnesses—too many sufferers—too many mourning the loss of loved ones, victims to official blundering, incapacity and political jobbery, throughout this broad land, to be dosed into acquiescence by any amount of official whitewash. Its purpose is too apparent. It is to smooth over the intensity of popular indignation, and especially the anger of the people at so many political incompetents given important places in the army. President McKinley may find the camps all right now, thanks to General Wheeler and his kind, but memory

CONNOLLEY'S STORE.

goes back to the time, but a few weeks ago, when they were in deplorable condition and the staff departments were burdened by the incompetency of political appointments or the sons of somebodies. The one fact that as against a total loss of life in battle in this war of 350 men over two thousand soldiers have died of disease, exposure, lack of proper medicines and food tells the story of official incompetence.

The Pittsburg Post gives some information that will be of service to Republican editors in this locality. It says:

"Congressman Dalzell, in his speech to the Republican league the other day, said: 'The Democratic party pretended to be for the war, but would not furnish the means for its prosecution.'

"The meager excuse for this false statement is that the Democrats refused to vote on the \$200,000,000 bond bill which Mr. Dalzell championed. The Democrats voted for the tax bill, they voted for the increase of the army and navy, they voted for the emergency \$50,000,000 bill, they voted for every measure the administration called for but the loan bill, which they declared to be totally unnecessary, as with the surplus in the treasury, the war tax and the power to issue \$100,000,000 emergency treasury notes there was no need of increasing the bonded indebtedness. With superior airs Mr. Dalzell sneered at Democratic statesmanship and led his party into the disastrous folly of the bond issue."

"With what result? The treasury today is gorged with money to the extent of \$310,000,000 surplus, the accumulations of the war tax and the bond issue. It is a demonstration that the Democrats were right and Mr. Dalzell, with all his airy claims of superior statesmanship, a financial blunderer."

"The surplus reserves of the New York banks as a consequence of this Republican statesmanship—a needless bond issue in the interest of the moneyed class—are now lower than they have been at any time since the panic of 1893, and money from the bonds and the war tax law is still pouring into the treasury. Last week the treasury took \$14,000,000 from the banks on bond account. It is so much money drawn from the activities of business. The New York Financial, in its money review for last week says:

"The present financial situation is anomalous. The country never had so much money, but it is so distributed that it is unavailable for use, and it is needed now more than ever. The treasury, it is true, by anticipating interest and maturity on bonds, is exhausting every resource to restore to circulation its idle funds."

but the effects of this policy are not yet apparent."

"The New York Herald of Sunday declares the city banks are drained of cash."

"A contraction of nearly seven millions in loans combined with loss of cash to produce a phenomenal shrinkage of twenty and a half millions in deposits. Despite this reduction of the liabilities against which reserve is required, the loss of actual money was so great that the surplus is cut down to less than half what it was a week ago, and is smaller even than at this date in the 'scare' year 1890."

"Mr. Dalzell's 'superior statesmanship' has forced the great accumulation of over three hundred millions in the treasury by his bond issue, which in lost premiums and interest will cost the government \$272,000,000 in the life-time of the bonds. The only way to get this borrowed money out of the treasury is to anticipate interest or buy in bonds at a heavy premium. There is no other way, as the war tax law with current revenues will meet the ordinary expenditures of the government hereafter."

"A large surplus in the treasury, and notably one in excess of three hundred millions of dollars, is incontrovertible evidence of palpable blundering and waste of the money of the people. It is a temptation to profligate extravagance. The money should have remained in the channels of business or in the pockets of the people. It raises a strong suspicion Mr. Dalzell was deliberately legislating against apparent facts and common sense, in the interest of the moneyed class, always eager for an issue of government bonds. Mr. Dalzell was of those who severely criticised Cleveland's bond issues. Under the old standard policy they were a necessity. In every conceivable way the bond issue championed by Mr. Dalzell was a bit of blundering and expensive folly."

"And it is because of Democratic opposition to this needless bond issue—a piece of folly without parallel in our financial history—that Mr. Dalzell audaciously asserts: 'The Democratic party would not furnish the means for the prosecution of the war.'"

SURE THING.

Portsmouth Will Have a Football Team

This Season — Arrangements Completed and Athletic Park Rented for the Season.

Arrangements have been made by which Portsmouth will be represented on the gridiron this fall by a strong team.

The new team will be captained and managed by Ralph Weller and the personnel will be made up from members of the "Duo club." This is an organization of young men for social and athletic purposes. They recently rented the old engine house on Gay street, between Second and Third, and have fitted up handsome quarters.

Captain Weller had a meeting with Mr. Samuel Timmonds last night and concluded a lease for Athletic park for the season beginning October first. The new team will be gotten together at once and begin practicing. The same young men had a team last season and made a good showing. This year they will strengthen their team and be ready to meet all comers. Many new faces will be in the team, as compared with last season's first team, many of the crack players in the latter now being in Porto Rico with Company H.

THE FLAG DRILL

A Grand Success—The Young Ladies Almost Perfect in Drill.

The entertainment given by the young ladies of Bigelow M. E. church last evening was one of the best of the season, the flag drill being the main feature of the evening. The young ladies deserve great credit for their wonderful proficiency in the military drill, arriving at almost perfection in their movements, in a remarkably short time. Miss Ruth Acton, who commanded the squad, deserves special credit for the work she has accomplished in the drilling of the young ladies. Captain Harry Miller gave them instructions two or three evenings. Miss Acton made a study of the work and then made wonderful progress in developing the ability of the young ladies to keep step and go through the manual of arms.

In the event of the necessity of a great army in this country, our girls will make a strong reserve force, and like their brothers will be ready to do and to die in defense of their country.

The remainder of the program was interesting and well rendered. The music and singing was of a patriotic nature, and was well received by the large audience. Miss Grace Andres handled the organ very skillfully. Mr. McIntyre acting as musical director.

Miss Kate Newman gave a recitation in her usual inimitable style, which was well received.

The recitation of "Home, Sweet Home," by Miss Hitchens, although a very difficult selection to recite, proved herself equal to the occasion.

Mrs. Lena Kline Reed made a great hit in her recitation, "Hobson, of Alabama," the mere mention of the name of Hobson arousing a spirit of patriotic enthusiasm in the audience.

The solo by Mrs. Shober was well rendered.

After the program refreshments were served in the church parlors. The evening's entertainment was something out of the ordinary, yet pleasing to all present.

THE CHILDREN'S SHOW.

A Wonderful and Funny Circus for the Little Folks.

Any exhibition that pleases the children is bound to be generally popular, which fact has much to do with the extraordinary success of the Great Forepaugh and Sells Brothers' enormous shows, which will give their first united exhibitions at Portsmouth, Ohio, on Saturday, September 24th. Commencing with the magnificent morning street parade, with its beautiful and ingenious Fairland and Mother Goose pageantry, special effort is manifested to provide a superabundance of harmless, high-class fascination and fun for the little ones. The three circus rings, the two elevated stages, and the vast area of the hippodrome arena are the playgrounds for companies, troupes, herds, schools and families of the funniest fellows that ever put on motley wear, and the cutest creatures that ever illustrated the highest and most original training skill. Among the latter will be found the only school of educated Alaska seals and sea lions, wonderful clowns and trick elephants, pretty performing ponies, ludicrous monkey actors and jockeys, do everything dogs, learned pigs, trained birds, comic donkeys, very wise goats, dancing bears and other merry-andrew animals, whose accomplishments are a source of unbounded delight. Added to all of which are the rare and valuable object lessons in the unequaled zoological collections.

A MOTHER'S BOY.

Defends the Mayor's Action in Sentencing W. L. B. Jack.

Ed. Times:—I have before me comments from both dailies of our city in regard to sentence imposed upon one W. L. B. Jack, who had sunken below manhood and feeling for one who in days gone by had given him birth, as to strike her a blow which dislocated an arm, after running the aged father up-stairs. While it is an easy matter to see why said dailies should differ, we propose to leave out politics in this matter and ask G. S. if he really is in earnest when he says it is outrageous for Mayor Glidden to punish a man who dares to strike his mother. Great God! It is bad to strike your wife, but much worse to strike a mother, the only friend to a wayward child. There have been instances where the father turned against the son, but history does not record where the dear mother forsakes her son. Thanks to our mayor, who is fearless enough to do a duty. No doubt he had in mind his own dear mother, who is proudly looking down upon her son's actions of protecting mothers by making examples of ungrateful sons, who may lose manhood enough to abuse them. As no politics enters into this, I sign myself simply,

A MOTHER'S BOY.

MR. BAKER

Of the Portsmouth Stove & Range Co. Causing Considerable Uneasiness.

The following "want" notice was sent in this morning by Scott Todd, of the Portsmouth Stove & Range Co.:

"Wanted—To know the whereabouts of one L. W. Baker. He was last seen by us going in the direction of the C. & O. Railroad, carrying a small grip presumably filled with the Portsmouth Stove & Range Co.'s catalogues, but from later developments the grip must have contained some other 'brand.'"

This notice probably requires some little explanation. Mr. Baker undertook to take the C. & O. accommodation Monday afternoon for a trip through Kentucky, but got busily engaged in talking to a friend on the depot platform and let the train pull out without him. The 2:49 train leaves at forty-nine minutes after 2 on Mondays, Mr. Baker should remember.

White Ribboners.

At the business meeting Thursday, September 1st, the following officers were elected: Mrs. Myrtle Hull, president; Mrs. Irene Hadley, vice-president; Mrs. Rebecca Micklethwait, treasurer; Mrs. Louisa E. White, secretary.

The "Y" also elected delegates to represent the Portsmouth W. C. T. U. in the state convention, which will be held at Columbus, October 5th, 6th and 7th, inclusive. The delegates elected were: Mrs. Myrtle Hull and Mrs. Louisa E. White; alternates, Mrs. Maggie Woodrow and Mrs. Rebecca Micklethwait.

The meeting adjourned, to meet the following Thursday to complete the business, but owing to circumstances the meeting was postponed until the 15th, at which time we trust the superintendents of the various departments of work will report. Please come promptly at 2 p. m.

L. E. WHITE, Sec'y.

CLAY TOWNSHIP

School Board Will Hold a Special Meeting Saturday.

The school board of Clay Township will hold a special meeting next Saturday, to settle the cistern and school desk troubles. State School Commissioner Bonebrake has been written for, and it is probable he will be here and take some steps to investigate the business transactions of the board. Some members of this board may have been a little indiscreet or careless in their manner of doing business, at least.

Does Advertising Pay?

We answer most emphatically, yes! As a forcible demonstration of this fact, we cite with pleasure our bustling Chillicothe street jeweler, C. H. Harris.

He is continually springing something new on the market and has well learned the secret of telling the people about it through the press.

His latest announcement is the arrival of a half bushel of gold watches. They bear the United States assay stamp of 14k, and the half price sells them. But how many people would know this if he didn't advertise?

He has two first-class watch-makers employed and plenty of work for them, while others are holding their hands.

The man who does not advertise is like a boy winking at his girl through green goggles. He knows it, but she doesn't. Yes, advertising pays.

Colored Camp Meeting.

A colored camp meeting will be held at Hoskins' grove, Pike county, about one and one-half miles from Spuyville, beginning September 23d. The services will be conducted by Rev. J. W. Back to Old Ireland.

Robert Richardson, brother of John Richardson, the wholesale grocer of this city, sailed on the Atrunia Saturday for his home in old Ireland. Mr. Richardson was delighted with this country, although he was able to see but a small portion of it. Mr. and Mrs. John Richardson accompanied him as far as New York City.

Work Pushed Rapidly.

The work on the new building of M. B. Gilbert is progressing rapidly and will be ready for occupancy in a short time. The building attracts general attention of strangers and will be an ornament to the city.

New Ideas in Millinery.

Miss Minnie Weichens, the Chillicothe street milliner, has returned from a business and pleasure trip to Cincinnati. While there she attended the encampment and visited friends the first part of last week and spent the balance of the time in buying goods and getting pointers on how to make the new fall shapes look nobby at a little cost. Her goods are arriving daily, and, as is her custom, she is bringing to Portsmouth a large assortment of the best and latest in the millinery line.

Those Stayaways.

The few members who remained away from the meeting of McPherson Council on last Monday night do not know what they missed, as in addition to a good talk by Mrs. Kline, we had Revs. Tupper and Miller, the latter exclaiming, "I feel as though I am attending a love-feast." In the near future another meeting is arranged for, at which time it is hoped the stayaways will attend.

PATRONESSES

Who Will Attend "Egypta" Thursday Evening.

Full List of the Ladies Who Will Grace the Opening Night of the Play—The Rehearsals.

At last all is in readiness for the long-talked-of opera festival. Last night's superb stage and orchestral rehearsal at the opera house assures a magnificent presentation of the beautiful work. The soloists are in fine voice. Mrs. Bixby, of Ironton, took her part for the first time last night and amazed the other participants by her dramatic intensity, no less than with her glorious voice. Everyone was in a happy mood, and the choruses and orchestra, as well as the principals, sang with a zest that flooded the theater with melody. The spectacular display of scenery and costumes adds wonderfully to the realism of each interesting scene. Tomorrow night's audience will probably be the most brilliant ever assembled in our play house. It will be largely a dress occasion. The following patronesses, with their friends, will be in attendance:

BADLY BRUISED

Was Rob Peters in a Runaway Accident This Morning.

Rob Peters, a young man who works for "Dick" Lorey, had a thrilling experience this morning. He went to the post-office to get the mail to take to the B. & O. S.W. train, when his horse frightened and ran out Chillicothe street as far as the Cole residence. The horse was frightened by the bit breaking. The buckboard in which Peters was seated was smashed to pieces. Peters was thrown out and bruised and his jaw seriously injured. The horse was a young colt and inclined to be frisky. It was skinned up considerably.

Egypta Notes.

Friends desiring to compliment singers may send floral offerings to the dressing rooms. Passing flowers over the foot-lights destroys the realism of any dramatic situation and will not be permitted in "Egypta."

Owing to the length of "Egypta," the overture will begin tomorrow night promptly at eight o'clock, standard time. Ushers will not seat late comers till the end of the first act.

The curtain will be raised after the last act of "Egypta," and the audience will rise and unite with the chorus in singing "The Star Spangled Banner."

BOUND OVER

Was Mrs. John Sullivan by
Commissioner Hall.

Preliminary Hearing of the Accused
Held This Afternoon—Case Bitterly Contested.

Mrs. John Sullivan, of Wellston, had a preliminary hearing before United States Commissioner Hall this afternoon, on the charge of opening and destroying letters not intended for her.

It is charged in the affidavit of Post Office Inspector Betz that Mrs. Sullivan received a letter intended for another lady of the same name. The letter contained a dollar bill and was never heard of again. A girl at the Wellston post-office testified that she gave the letter to Mrs. Sullivan, but the latter stoutly denies the allegation. She claimed she had not been at the post-office for several days before or after the time when the letter was supposed to have been taken out. Numerous witnesses were called to show the character of the accused. The case was fought ably by Attorney Theo. K. Funk for the defense and by the assistant United States district attorney from Cincinnati for the state.

At three o'clock Commissioner Hall gave his decision. He bound the accused over to the United States grand jury, fixing her bond at \$500. Mrs. Mary Kiser, mother of the girl, went on her bond.

Mrs. Sullivan is well known here. She is the wife of John Sullivan, who formerly worked for "Dick" Lorey and is the daughter-in-law of Tim Sullivan. The girl's mother is an influential business woman of Wellston and stands high in the community.

THE PLAT

Of the New City of Yorktown Filed
Late This Afternoon.

The plat of Yorktown was filed in the auditor's office this afternoon. The lots number from 192 to 474, making 282 lots. The main portion that lies between the pike and the river, as laid off, show the following streets running east and west: Gallia avenue, Rhodes avenue, Stanton avenue, Grace avenue. The streets running north and south are: Park avenue, Center street and Vine street. The territory lying in the fork of the Portsmouth and Haverhill pike and the Harrisonville pike is platted and connected with the portion below and shows Harrisonville avenue running northwest, and the following streets running north and south: Park street, Gallia avenue, Pine street, Spruce street, Cedar street, Oak street and Maple street.

The time for the drawing has not been directed as yet, but will likely be this week.

Common pleas court recesses from day to day, awaiting the work of the grand jury, or until other cases are ready for trial. The grand jury will probably make their report tomorrow afternoon.

NEW CASES.

Maria A. Taylor vs. William T. Taylor; petition for divorce. Same recites that the said Maria A. Taylor was married to William T. Taylor in August 1865; that seven children resulted from this union. The defendant has for more than three years failed and wilfully neglected to provide for plaintiff and her children. The defendant has also been guilty of habitual drunkenness. Plaintiff therefore prays for a divorce and custody of their children.

Mary Breuchner vs. Nicholas Breuchner and Mary F. Braunlin; petition for alimony. Plaintiff avers that she was married to Nicholas Breuchner in 1863, and that for more than three years the defendant has failed to provide for her. She further avers that during the past ten years he has frequently struck and constantly abused her, and that on the fourth day of September, 1898, defendant attacked her with a club, breaking her arm, and has frequently before and since made threats against her life. On account of his abuse she was unable to live with him, therefore left him. Plaintiff prays that she may be granted reasonable alimony during the pending of this action, and that she may be judged sufficient alimony for the support of herself, and that same may be made a lien on the said real estate. She also asks that the said defendant be enjoined from encumbering said real estate.

G. H. Heinisch vs. David Lawrence; petition for recovery of judgment of \$347.35. Said judgment was acquired in 1886. A revivor is asked for.

DEATH

Suddenly Takes Away Another Prom-
inent Citizen.

John C. Watkins died at 9 o'clock Tuesday night, at his residence at the southeast corner of Fourth and Offshore streets, at the age of sixty-six years. He was born in this city in 1832, having spent the greater part of his life here. He was married about 1855 to Miss Ellen Laforger. Three children resulted from this union—Thomas W., the plumber; Frank, ex-marshall, and Anna, who resided with her father. The deceased was a brother of the late Thomas Watkins, also of the ex-banker, Jeff. Watkins, and Mrs. Henry Dinsmore. The deceased was well known in this city and among rivermen, as he was on the wharfbat for sixteen years. About three years ago he took a severe cold which settled in his eyes, resulting in partial blindness. He has been ailing ever since, but has kept on his feet, running a small grocery store Monday, about 10 o'clock a. m., he was taken suddenly sick, resulting in his death thirty-six hours later. He was a kind-hearted man, always glad to do a favor for anyone. The funeral services will take place from the residence Thursday afternoon, at 2 o'clock, standard time.

May Go to the Pen.

The irrepressible Tom McKee is likely to go the trip this time, if the charge against him can be proven. Joseph Wieteki has sworn out a warrant against McKee, charging him with burglary and larceny. The affidavit sets forth that McKee forcibly broke into and entered Wieteki's stable last fall and carried away a horse blanket valued at \$150. He will have a preliminary hearing this morning.—Ironton Irononian.

IN HOLY WATER

Is the Body of Empress Elizabeth Bedewed.

EMPEROR WILLIAM OF GERMANY

Notifies the Court at Vienna That He Will Attend the Funeral of the Royal Lady Who Met Her Untimely Death at the Hands of a Deluded Assassin in Switzerland.

Vienna, Sept. 14.—Emperor William has notified the German embassy here that he will attend the funeral of the late Empress of Austria.

Geneva, Switzerland, Sept. 14.—On the arrival here of the representatives of the Austrian court they were conducted to the death chamber and viewed the remains of the empress.

The ladies of the party were particularly affected. After prayers had been offered the coffin was finally closed in the presence of the authorities.

The bishop of Fribourg, the arch priest of the cathedral of Notre Dame and several Geneva ecclesiasts in full canonicals blessed the remains in the presence of the court and personages, each of whom sprinkled the body with holy water.

President Ruffly and the members of the federal council came from Berne in a body officially to tender the nation's sympathy.

Large crowds of citizens, with heads bared, surrounded the depot and the council rode in carriages to the hotel between files of gendarmes. There they were received by the emperor's representatives and the suite of the empress, all in deepest mourning.

Replying to President Ruffly's address of sympathy, Count von Kuefstein, the Austrian minister, thanked the Swiss people "who in these unhappy days have given evidence of so great sympathy with the Austrians."

It is said that the assassin will be tried at a special term next month.

Funeral Details. Vienna, Sept. 14.—The arrangements for the funeral ceremonies were published here. The body of the Empress Elizabeth will lie in state in the Hofburg on Friday and during the forenoon of Saturday and the interment will take place at the Capuchin church at 4 p. m. Saturday.

Crippled by Rheumatism.

Those who have Rheumatism find themselves growing steadily worse all the while. One reason of this is that the remedies prescribed by the doctors contain mercury and potash, which ultimately intensify the disease by causing the joints to swell and stiffen, producing a severe aching of the bones. S. S. S. has been curing Rheumatism for twenty years—even the worst cases which seemed almost incurable.

Capt. O. E. Hughes, the popular railroad conductor, of Columbia, S. C., found relief with Rheumatism which convinced him that there is only one cure for that painful disease. He says: "I was a great sufferer from muscular Rheumatism for two years. I could get no permanent relief from any medicine prescribed by my physician. I took about a dozen bottles of your S. S. S., and now I am as well as I ever was in my life. I am sure that your medicine cured me, and I would recommend it to any one suffering from any blood disease."

Everybody knows that Rheumatism is a diseased state of the blood, and only a blood remedy is the only proper treatment, but a remedy containing potash and mercury only aggravates the trouble.

S.S.S. For Blood

being Purely Vegetable, goes direct to the very cause of the disease and a permanent cure always results. It is the only blood remedy guaranteed to contain no potash, mercury or other dangerous minerals. Books mailed free by Swift Specific Company, Atlanta, Georgia.

EXCURSION TICKETS.

Minneapolis Brokers Restrained by Courts From Selling Them.

Cincinnati, Sept. 14.—Many visitors who attended the Grand Army encampment here last week either lost or sold their tickets and are unable to leave this city.

It is found that the ticket brokers are well supplied with these tickets. The Big Four, the Baltimore and Ohio, the Western and other lines were allowed injunctions by Judge Jackson against the local ticket brokers disposing of any of these Grand Army tickets.

Local Tent Organized.

Cincinnati, Sept. 14.—Mrs. U. S. Grant tent No. 12 of the Daughters of Veterans was organized here with 17 charter members. When the national encampment of the Grand Army and the national convention of the auxiliaries of ladies were held here last week it was found that the National Association of Daughters of Veterans had no local organization to make the arrangements for them that are usually made on such occasions. Past President Mrs. Julia Croft and Past Secretary Miss Trescott remained over to organize the local tent.

Cincinnati Primaries.

Cincinnati, Sept. 14.—Cincinnati voted for the first time for delegates to conventions under the Kemper election law, which provides that each party elect delegates. The results show that George B. Cox gained a sweeping victory and retains control of the Republican organization, while Lewis Bernard will remain at the head of the Hamilton county Democracy. Both parties will hold conventions Friday. James M. Glenn, proprietor of the organ opposed to Cox, was defeated for delegate.

Two Candidates.

Cincinnati, Sept. 14.—At the second day's session of the International Association of Laundrymen reports of committees were considered in executive session. William Q. Lloyd read a paper on "Association and Organization," and S. B. Waters on "Laundry Ventilation," both being followed by general discussion. At noon the nominating committee reported two candidates for president—Silas B. Waters of Cincinnati and George Mohn of Pittsburgh.

SENATE DEBATES.

Management of Spanish Army Attacked by Senor Gonzales.

Madrid, Sept. 14.—Senor Gonzales attacked the management of the army during the debate in the senate.

He said it had been worsted first by the insurgents and then by the Americans.

Continuing, the speaker asked what had become of the 200,000 men sent to Cuba. He blamed General Weyler and the late premier, Senor Canovas del Castillo, asserting that the latter was omnipotent, while in power and might have done what he pleased.

The premier, Senor Sagasta, replying, said that neither Senor Canovas del Castillo nor himself had ruled long enough to change the character of the race, which was the true cause, he claimed, of the disasters to Spain.

The senate then adjourned.

The Republicans, Carlists and Bolting Conservatives of the chamber of deputies have issued a manifesto giving their reasons for opposing the government. Its publication has been prohibited.

Senor Sagasta, in an interview, said no claims advanced by the United States after the peace protocol was signed or the cortes bureau met to elect peace commissioners should be entertained.

War Revenue Law Attacked.

Chicago, Sept. 14.—Habeas corpus proceedings were begun in the United States court by James Nicol, a member of the board of trade, who was fined \$500 last week for violating the new revenue laws. The proceedings involve the constitutionality of the section of the law which compels brokers to make a written statement of all sales and contracts. Nicol's attorney contended it was beyond the power of congress to prohibit the making of oral contracts in the states. He also averred the tax imposed was not uniform, and was therefore unconstitutional.

New Japanese Tariff.

Washington, Sept. 14.—A telegram has been received at the Japanese legation to the effect that on the tenth instant the government of Japan proclaimed that the new Japanese statutory tariff as well as the English, German, French and Austro-Hungarian conventional tariffs would be put into operation on the first of January, 1899. This step marks the inauguration of Japan's new treaty relations with the western powers.

A CRITICAL TIME

During the Recent Battle of Santiago.

Sick or Well, It Was a Rush Night and Day.

Packers at Battle of Santiago De Cuba Were All Heroes—Their Heroic Efforts Saved the Day.

P. E. Butler, of pack-train No. 3, writing from Santiago, De Cuba, on July 23d, says: "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep healthy; in fact I sincerely believe our that at one critical time this medicine was the indirect saviour of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrade and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa, and I know in four cases it absolutely saved life."

The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., Des Moines, Iowa. For sale by Fisher & Streich.

CUBAN CAMPAIGN

Officially Described by General Shafter.

A COMPLETE REPORT FILED.

A Voluminous Document is Withheld From the Public.

SUPERIORS TO REFUSE IT FIRST.

After the President and Secretary Alger have carefully reviewed General Shafter's account of the invasion of Cuba by the American Army, the salient points will likely be given out for publication—other points about the army.

Washington, Sept. 14.—The official report of the Santiago campaign, prepared by General Shafter, has been filed at the war department.

It covers not only the battle of Santiago but the entire progress of the military invasion of Cuba. The general accompanied by his aide, Captain Wiley, came to the department during the afternoon and in person handed the report to Adjutant General Corbin. He also brought with him two Cuban machetes to be presented to Mrs. Alger as mementoes of the campaign.

The report is a voluminous document, covering, with the supplementary report of division commanders, about 200 type-written pages. Of this, General Shafter's report forms about half.

It was stated afterward that the report would not be made public for the present, the desire being to place it first in the hands of the president and Secretary Alger and allow sufficient time for a mature consideration of its contents.

After that there is little doubt the material portions, and perhaps the entire report will be made public.

It repeats a story already pretty well known, although there is much interest in the view which the commanding general takes of several features of the campaign.

Peace Instructions.

Washington, Sept. 14.—The cabinet at its second session continued the discussion of the instructions to be given to the American members of the peace commission. Although the document is practically agreed upon as a whole, the matter will be left open until the meeting here of the members of the commission, two days hence, when a final revision will be made. It is the president's wish, as expressed to the cabinet members, that nothing concerning the instructions be made public.

Preparing to Sail.

Camp Meade, Middletown, Pa., Sept. 14.—The equipping of the Sixteenth Pennsylvania battalion was completed. Colonel Rickett's command left for New York where they will board the Obdam for Porto Rico. The number of sick in the two division hospitals is small. With a few exceptions none of the cases is serious. Lieutenant McQuigg of the Seventh Ohio has been sent to the Lebanon hospital.

Jews Receive Furloughs.

New York, Sept. 14.—Adjutant General Corbin of the United States army has issued orders that 4,000 Jewish volunteers who had either joined volunteer regiments, or had seen fighting at the front, during the Spanish-American war, should receive furloughs to enable them to participate in the celebrations of the orthodox Jewish Congregational union of America.

Gomez Has Resigned.

Santiago, Cuba, Sept. 14.—An uncontradicted report was received by General

Lawton that General Maximo Gomez has tendered his resignation of the command of the Cuban army to the Cuban government at Camaguey and that it has been accepted.

One Death.

Washington, Sept. 14.—The following is General Lawton's daily health report from Santiago: "Total sick, 776; total fever, 451; new cases fever, 73; total returned to duty, 207; death: Guy E. Pool, private, company E, Thirty-third Michigan, typhoid fever."

To Muster Out More Troops.

Washington, Sept. 14.—Tremendous pressure is still being brought to bear on the war department to have more troops mustered out of the service. It is announced with increased emphasis that there will be no more troops mustered out.

Chickamauga Deserted.

Chickamauga, Ga., Sept. 14.—The volunteer army at Camp Thomas has been completely dissolved and scattered, the last regiment, the Ninth New York, leaving for New York.

Returns to Camp Wikoff.

Washington, Sept. 14.—Major General Shafter, who has been in this city on official business, left for Camp Wikoff, where he will resume command.

Ratified by Both Branches.

Madrid, Sept. 14.—The chamber of deputies adopted the Hispano-American protocol. The senate has already ratified it.

Want the Parade.

Washington, Sept. 14.—General Miles said that dispatches were being exchanged with New York concerning the proposed parade of troops there, and although he feared the parade was off, yet efforts were still under way to bring it about. Aside from the troops coming from Porto Rico and those at Montauk, there are some 7,000 cavalry horses, which, with their mounts, would make a considerable showing of the equipment for the mounted branch of the service. About 1,000 horses are to be disposed of, but the remaining 6,000 probably will be driven across Long Island up to New York, thence to take stock trains for distribution to cavalry posts.

Two Soldiers Die.

Philadelphia, Sept. 14.—Two sick soldiers who had been removed from camp to hospitals in this city died.

Jones Makes a Deal.

Omaha, Sept. 14.—Politicians of the order seems to be engrossing the attention of the delegates of the encampment of the Sons of Veterans more than actual work. A number of caucuses were held in the interests of candidates for office. The result is the formation of a slate which practically arrays the east against the west. The west received the offices of commander-in-chief, Lieutenant Governor Jones of Ohio, seeing that he would run a chance of defeat, tied up with Colonel Frank Shepard of Illinois. The latter will probably be elected, although Oberdorff has not yet retired from the race. In return for this the west is expected to allow Cincinnati to be selected for the next encampment.

Will Send a Representative.

Washington, Sept. 14.—President McKinley has not yet named a representative of the United States to attend the conference projected by the czar with the purpose of securing a general disarmament of the great powers of the world. In the answer returned by him, however, to the invitation extended by the Russian minister for foreign affairs, which was transmitted by Ambassador Hitchcock, the president openly expressed his concurrence in the sentiments so loftily set forth in the Russian note and promised, if the conference is held, to have the United States represented by some person.

More Officers to Be Elected.

Lansing, Mich., Sept. 14.—Attorney General Maynard in an opinion rendered, decides that appointments made by the governor to fill unexpired terms of elective officers cannot hold beyond the next ensuing general election, and thus upsets both the theory and practice that has been in vogue in Michigan for years. This will make three more state officers to be voted for at the next election.

Aid For Strikers.

Indianapolis, Sept. 14.—The national executive board of the United Mine Workers voted \$1,000 to the third pool, Pittsburgh district, strike and retained President Batchford. Action sympathetic of the Pana, Ills., strikers was taken. A circular letter will be sent in a few days to all local unions asking for aid for the Pittsburgh and Pana strikers.

King Taken Ill.

Yokohama, Sept. 14.—Telegrams from Seoul, capital of Korea, report that the king of Korea and the crown prince were suddenly taken ill after dinner on Sunday last. Poisoning is suspected. Both are recovering. Eleven courtiers have been arrested.

Against Dreyfus.

Paris, Sept. 14.—The Gaulois and the Journaux assert that President Faure, rather than allow revision of the Dreyfus case, will resign and seek reelection by the national assembly convened to elect his successor.

Bayard Is Weaker.

Dedham, Mass., Sept. 14.—Mr. Bayard passed a restless day and is weaker. He continues to lose steadily and he cannot survive many more days.

Forced Till Monday.

San Francisco, Sept. 14.—The habeas corpus proceedings in the Botkin case were postponed until next Monday. The matter of the extradition will be heard on Thursday of this week by Governor Budd.

MAKERS OF MONEY

Also Known as National Currency Convention.

BOUT BETWEEN GOLD AND SILVER.

During the Speaking on Both Sides the Interruptions Came Fast and Furious. General Warner Contends That the Debts of the Country Have Been Doubled by Gold Standard.

Omaha, Sept. 14.—The afternoon session of the national currency convention developed into an almost mouth-to-mouth contest between the gold and silver sides, with the middle-of-the-road reform press association strongly in line for their favorites. The Fiatists are the most impatient to be heard and can hardly wait until Thursday, which is their day for the advocacy. Their interruptions were fast and numerous.

The first speaker was H. P. Robinson of Chicago, editor of the Railway Age. His real subject throughout was "The Interest of Railway Men in the Gold Standard," and he predicted that the 750,000 railway employees of the country who voted for Mr. McKinley in the last election would do so again in 1900 for the sake of their own interests, as they wanted their wages paid in dollars of a purchasing power equal to that of money in which they are now paid.

General A. J. Warner of Ohio, president of the American Bimetallite union, contended that the gold standard had depreciated the dollar and correspondingly caused a general fall of prices, doubling the debts of the country.

Congressman Fowler of New Jersey replied to General Warner and demonstrated that wages had both increased numerically since 1840 and in purchasing power under the gold standard. Besides, since Mr. McKinley's election he said the bank clearances of the country had increased from \$43,000,000,000 to \$65,000,000,000.

Arrest of a French Girl.

Chicago, Sept. 14.—Miss M. L. DeRochard, a young and pretty French girl, is charged with attempted burglary. As the clerks of The Fair, a large department store, were leaving the establishment, Miss DeRochard entered the store and concealed herself under a counter. She remained there without moving until 2 a. m., when she made her way into the silk department and packed up \$300 worth of silk which she intended to carry out when the store should be opened in the morning. She made too much noise, however, and was caught by two of the watchmen. The girl, who is well educated, has been living in a fashionable boarding school on the boulevard.

Porter in Havana.

Havana, Sept. 14.—The presence of Robert P. Porter, who is in Havana on a special commission from the United States government to study the financial and economic aspects of the situation, is regarded with suspicion by the party of free Cuba, as indicating the establishment of an American policy of guardianship. Mr. Porter is preparing a revision of the Cuban tariff, which will probably be protective of Cuban industries, and is acquainting himself with every detail of local taxation. In this work he is assisted by a capable staff. For the present his efforts are only preliminary.

A Changed View of a Changed Man.

I am completely discouraged, after trying so called specialists and different advertised remedies, I feel that I am getting worse instead of better and have about given up hope of ever being cured of my Kidney trouble.

I have changed my mind for, after reading of the positive guarantee of Foley's Kidney Cure, as a forlorn hope I tried a bottle, and the result was so favorable that I continued its use until I had taken three bottles which effected a thorough cure, and I am a changed man.

WINE OF CARDUI

ONCE MORE

**Benjamin Franklin Bobs Up
Serene and Smiling**

**And Claims to Be a Prodigal Who
Wandered Away from Ports-
mouth Many Years Ago.**

Last April or May there appeared in the Cincinnati Enquirer an advertisement for one Benjamin Franklin, who had been missing for thirty years. The parents of the missing man wanted information concerning him, and it was stated that a neat fortune was to be his. The notice was sent from Portsmouth, and it was stated that the family lived here. The little advertisement has attracted a great deal of attention and Benjamin Franklins have bobbed up by the score. They have written to various people here from all parts of the country. Each one claims to have no definite knowledge of his parents, but claims to have a faint recollection of having once lived in a river town. They all wind up by inquiring about the estate left. The Times has published several of these letters. Of late interest in the Franklin estate has lagged, but the case is recalled by a letter received today by Marshal Schmitt from Mrs. N. W. Hosea, of Lockland, Ohio. She speaks of the advertisement and says that she knows of a Benjamin Franklin who lives in Lockland, and she thinks he is the man wanted. He has no definite knowledge of his parents, but says he came from this vicinity. She wants the marshal to investigate the case. The queer thing of the whole affair is that nobody here seems to know who put the advertisement in the Enquirer, or anything about the Franklin family, who are seeking their long-lost Benjamin.

REV. M. W. ACTON

**Will Fill Bigelow Pulpit Next Sun-
day for the Last Time.**

Rev. M. W. Acton will preach at Bigelow M. E. church next Sunday for the last time this conference year. It is hardly probable that Rev. Acton will be returned here at the session of conference. Those who know him would be pleased to have him returned. The change will be made at his own request, on account of failing health.

The subject for next Sunday morning will be "Race Achievement." The evening subject will be, "How to Make the Theatre Helpful in the Development of Christian Character." These are good and practical subjects and the church should be filled morning and evening.

GOOD WORK

**Done by Boxer George Wilson Tues-
day Evening.**

There was some pretty sparring last night at the exhibition given in the rooms over "Buddy" Wertz's saloon. George Wilson had a four-round go with a man named Foster. Foster went in with a vim, and gave Wilson a chance to show that he is capable of some clever work. He showed to much better advantage than in the bout with Startzman the other night.

George Clark and Charley Lally pounded away at each other for three rounds, but did not do much execution. Five youngsters had a tattle royal, thus closing the evening's entertainment. A large crowd was present.

The 30 cent sale at the Parisian Thursday will eclipse any and all sales ever attempted. Be sure and attend.

A Birthday Party.

Willie, the small son of Mr. and Mrs. John McGowan, was eight years old today and his parents celebrated the occasion by having a birthday party for him. Everybody had a delightful time and wished the young man many happy returns.

WILD DASH

**Of O. D. Foster's Horse on Chillicothe
Street This Morning.**

O. D. Foster, the paint man, had an exciting runaway this morning on North Chillicothe street. His horse frightened near the N. & W. depot and ran like the wind out the pike. It collided with a tree and the wagon was wrecked and Mr. Foster thrown out and badly bruised. The horse ran as far as W. Kinney's residence before it was captured. The animal was badly skinned and the harness was in shreds.
